

Kindly Aura

She always says all that you want,
She'll never say all that can wound yourself
And once again lends you a hand
To propose new speeches, to propose new talks.

Kindly Aura, so sweet
You know what I feel.
You're my hope, my assistance,
All that you need - a smile -
Or a suggestion for a friend
Or a gesture of love.

She knows the secret of life,
And strikes for her calmness.
She's simple an'lot of careful and fill
Of love who loves her.

Kindly Aura....
